

Title: _____
Paper# _____

Keywords: _____

Major Findings (Conclusions). Identify the results that support the major finding

1. Results #: _____

2. Results #: _____

3. Results #: _____

4. Results #: _____

Results

1. _____
2. _____
3. _____
4. _____

Methodology: _____

Is this procedure clear enough to enable replications? Yes ☐ No ☐

What are the dependent variables?

What are the independent variables?

Limitations

1. _____

2. _____

Problem statement:

Gap: _____

Objective (Write the exact statement the authors are testing)

Are the conclusions logically related to the hypothesis? Yes ☐ No ☐

What is the hypothesis for this study?

Titles of works cited by this paper that have not been read, but should be read

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____

Notes: _____
